Unkilled zombie fps shooting game download apk

MIDI - ZOMBIE FPS SHOOTING GAME IS A SHOOTING GAME DEVELOPED BY MADFINGER GAMES. Unkilled - the best zombie shooting game with good gameplay, good story and easy control. From the author of the Dead Trigger series, the successful Zombie First Person Shooter (FPS) downloaded by more than 110 million players worldwide. Now with the option PvP and cooperative action. New York City is the epicenter of a terrifying zombie apocalypse in this multi-award-winning first-person shooter (FPS). Choose one of five unique characters and join an elite team known as Wolfpack, a task force assigned to combat the Walking Dead threat and discover the secrets behind cataclysm epidemics. Take your time in killing zombies to challenge your friends in online PvP multiplayer battles. The good thing is that you brought a lot of bullets! Thrilling solo combat missions. Online PVP multiplayer. Tons of unique guns • The last frontier of the war between the living and the undead! Fight for survival through epic storylines and more than 150 missions. Target unique enemies and bosses, including sheriffs, dodgers, mine sweepers, butchers, and more. • Take on players from all over the world in first-person PvP multiplayer. Or build your own zombie army in an outpost operation and go to war against hordes of undead zombies and bases of other players! More than 40 weapons in five classes featuring LSAT machine guns, SAIGA-12K shotguns, and M24 sniper rifles. Don't run out of bullets... • The wealth of skins makes you ready to customize your personality and guns. Become the best dressed killing machine in the zombie apocalypse! Outrageously crazy graphic mad finger game we push the borders of what's possible on mobile devices! Unskilled is a feast for the eyes with post-process effects to create immersive cinematic experiences. There are high-resolution, real-time soft shadows and high-polygon character models, and don't even start rendering SpeedTree plants! Shooting zombies in the face is, of course, the result of lovingly rendered gore... A smooth first-person shooter! • The unique MADFINGER Games FPS control system for mobile devices is approved by millions of players around the world. Support for a variety of gamepads. • Intuitive gameplay. The autopilot shooting system allows you to focus on survival. • Experience new adrenaline features and test your goals. Target as many undead domes as possible! • Design your hero for PvP with custom skills and load-outs, then battle real opponents in five unique environments. • Become a champion in the league with ranked duels. Earn Intel by winning PvP matches, leveling heroes with huge tech trees. • Accept challenges and earn multiple rewards: VIP chests, gold, gadgets, money...
